# Signcut Re-registration

For Customers that already own Signcut

1-1 Registering

- You will receive a Bundle Registration Code from CutterPros.
  - Ex: 7F7BA1-018123

- To register this code, please go to the following link:
- http://www.signcutpro.com/bundle.html

- Your screen will look something like this, depending on which browser you are using.

CutterPros.com

1-2 Registering

1) Once the 'Register' button is clicked, a screen will pop up with all of the license information.

2) Copy this information by clicking CTRL:A then CTRL:C on your keyboard.

3) This will highlight and copy all text on this page.

◆ SAVE ALL INFORMATION THAT POPS UP AFTER CLICKING REGISTER!!

4) Open a text program like Notepad and paste the information into it.

   a) This ensures you have a copy of all the information Signcut provides.

CutterPros.com

1-3 Registering

◆ Once this information is saved, scroll through the information until you see the section that says 'License'.

◆ Copy the license key.
  – This key starts with the letters 'pc' and ends with a dash and 5 more digits.

◆ Open Signcut and click the Help Menu, then 'Change License'.
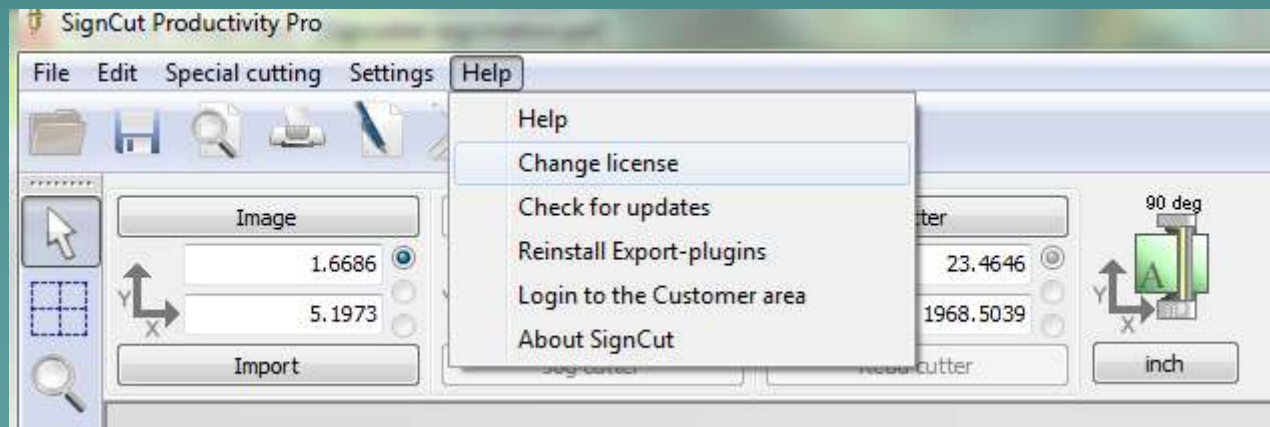

1-4 Registering

◆ Delete the old license and paste the new one in.

◆ To paste, hit CTRL:V on your keyboard.

SignCut

In order to use SignCut you need to activate your license.

Enter your license below and click Next.

Make sure you have a working internet connection before doing this.

If internet is missing the program will enter the test-mode.

License: [   ]   Internet Proxy

< Back   Next >

1-5 Registering

◆ Be sure to check and make sure there are no spaces before or after the number.

◆ Spaces will stop Signcut from recognizing the license.
