Specifications subject to change without notice, errors and omissions excepted.

# Neschen Other Products

MOUNTING FILM					
<b>Gudy Dot</b>	Permanent transparent transfer adhesive	41", 51" x 164 ft.	carrier-free easy dot transfer technology		

PROTECTION FILM - Anti-Graffiti					
<b>Neschen Solvoclear Easy Protect</b>	OPP laminating film, high transparent, glossy, smooth	41", 51", 60" x 164 ft.	Laminating film for inkjet- and digital print media	1.6 mil	Indoor 5 years & outdoor 2 years

**Lamination:**

- We have tested Easy Dot with Neschen Solvoclear Easy Protect and various over laminates and have found no incompatibilities.
- When using a cold laminator, some silvering may be apparent from trapped air due to the surface texture created by the adhesive dots. This will go away within a few hours.
- A gloss or textured laminate can be used to hide the slight dot pattern that is visible when viewed up close.
- If printing Easy Dot using solvent or eco-solvent inks, wait 12-24 hours after printing before laminating to allow the ink to outgas.

POLYMERIC VINYL SELF ADHESIVE – Printable, Glass Decorations, Etched-Glass, Suitable for Cutting Plotters					
<b>Neschen Glass Deco Dusted</b>	Soft PVC-film, polymeric, translucent, milky white (milk glass effect)	54" x 98.4 ft.	(eco-) solvent, latex, UV	3.1 mil	Indoor 10 years & outdoor 7 years
